

# GIANT DECKCHAIR

## assembly instructions

### Hardware checklist:

- 1 x wooden frame
- 1 x fabric seat

### You will also need:

- 1 x padlock (not included)
- 1 x friend (not included)

- 1** Remove the outer packaging. Do not use a blade to cut the packaging – you may damage the fabric inside.

- 2** The frame is large. Ask a friend to help you fold out both sets of legs.

- 3** Push leg 2 up to leg 1. Close the clasp and attach your padlock.

- 4** Stand the chair up.

## IMPORTANT. RETAIN FOR FUTURE REFERENCE

Manufactured by Grafenia Operations Ltd, Third Avenue, The Village, Trafford Park, Manchester M17 1FG

This giant deckchair is intended for contract use.

All fabric components are fire retardant to EN B-S1, D0 standard (or equivalent).

Frame safety tested to EN 581-1:2017 and EN 581-2:2015 (Contract Level) standards.

Get the best from your **giant deckchair** by following these simple care guidelines:

Position on a stable, level surface and do not exceed the recommended weight limit of 110kg.

Giant deckchairs are for chilling out, not climbing on. Keep children under supervision at all times.

Store your deckchair securely when not in use. Use the padlock loop to secure it when in use.

Check the fabric and frame regularly for signs of wear. Check the bolts and tighten as needed.

Do not machine wash. Clean with a damp cloth. Do not use detergent, bleach or chlorine based products.

The wooden frame can be gently brushed to remove dirt and dust.

Lifespan will be affected by climate, usage and care. Re-treat the wooden frame after 12 months.
